What projects would that funding be spent on, or if not yet known, what would be the process for deciding how it was spent?

Councillor Wilson-Marklew indicated that the award of £1.2m followed a

successful bid to the Active Travel Fund and would be used on the Newton Leys to Blue Lagoon Redway. The Council was aware they had been awarded, in principle, additional funding for public transportation and was in consultation with the Department for Transport as to how these funds could be used as that was not clear.

As a supplementary question Alan Francis, asked Councillor Wilson-Marklew would she provide assurance that the Bus User Group would be involved in discussions as to how the additional public transportation funding would be used.

CL18 Councillors' Questions

Questions were received from Councillors Bailey, K Bradburn, D Hopkins, McLean, Oguntola and Priestley.

- (a) Question from Councillor McLean to Councillor Nolan (Cabinet member for Children and Families)

Councillor Mclean asked Councillor Nolan, with regard to the twenty three students who were within the Ousedale catchment but were not offered a place, could the Cabinet member ensure that ward councillors were advised of any future issues in advance so that they can be prepared to work with parents on resolving the situation.

Councillor Nolan indicated that when the Council became aware that there were a number of students that would not be able to be offered a place to at Ousedale School the headteacher was contacted and asked to consider agreeing to adding an additional class which the school eventually agreed to do and the students in question were offered a place.

As a supplementary question, Councillor McLean asked Councillor Nolan,

could ward councillors be told in advance if there was a future issue with students in the Ousedale catchment not being able to be offered a place.

Councillor Nolan indicated that the final placement numbers were only confirmed a matter of days before parents were advised therefore it would be difficult to give ward councillors prior notice.

- (b) Question from Councillor Priestley to Councillor R Bradburn (Cabinet member for Economy and Culture)

Councillor Priestley asked Councillor R Bradburn, as many are aware the International Festival returns this summer and it is great that the Council continues to support it. Would the Cabinet member join her in encouraging councillors to attend this festival and promote it to their residents?

Councillor R Bradburn indicated that he would of course encourage all ward councillors to visit as many events as possible and to spread the word to their residents.

- (c) Question from Councillor D Hopkins to Councillor Marland (Leader of the Council)

Councillor D Hopkins asked Councillor Marland, with the recent route update from East West Rail it seems that the East West Rail Company remains unaware of the South East Milton Keynes Urban extension and if this is the case how does the Leader intend to address that with the East West Rail Company?

Councillor Marland indicated that he had recently met with the Chief Executive of the East West Rail Company and they had agreed for officers to meet to ensure that plans are aligned in the South East Milton Keynes Urban Extension.

As a supplementary question, Councillor D Hopkins asked Councillor Marland, given the stated policy of wanting the whole route to be electrified, how would the Leader ensure that this happened?

Councillor Marland indicated that he could not ensure this happened and it would come down to financial considerations.

- (d) Question from Councillor Oguntola to Councillor Darlington (Cabinet member for Adults, Housing and Healthy Communities)

Councillor Oguntola asked Councillor Townsend, there are thousands of unpaid carers in Milton Keynes, what does the Council do to support them?

Councillor Darlington indicated that the Council supports unpaid carers in the following ways: they fund MK Carers; provide respite and day services; are running a pilot scheme to pay £240 to unpaid carers and help them to navigate the care system support and benefits system.

As a supplementary question, Councillor Oguntola asked Councillor

Darlington, how did an unpaid carer access the £240?

Councillor Darlington indicated that they could do this via MK Carers of their contacts at the Council.

- (e) Question from Councillor K Bradburn to Councillor Townsend (Cabinet member for Public Realm)

Councillor K Bradburn asked Councillor Townsend, could she provide a progress update on the roll out of wheeled bins?

Councillor Townsend indicated that rollout was continuing to schedule with officers proactively addressing any concerns that residents are having. Bins are being delivered in order of the new collection rounds with the next area to receive bins being Brooklands, Broughton, Willen, MK Village and Oakgrove. Councillors should ensure that any concerns that residents raise with them on the wheeled bins should be submitted via the councillor casework or raised with the waste team directly.

- (f) Question from Councillor Bailey to Councillor Townsend (Cabinet member for Public Realm)

Councillor Bailey asked Councillor Townsend, residents were increasingly growing concerned about car cruising and other related antisocial behaviour, would the Cabinet member join her in condemning this activity and advise what the Council was doing to address it?

Councillor Townsend indicated that the Council obviously condemned this behaviour and was working closely with Thames Valley Police to address it. There had been car seizures and arrests as well as using the CCTV footage at hot spots to take action after the event. There was a PSPO for car cruising across the city and the Cabinet member encouraged people to report any associated anti-social behaviour to the police so they could identify hotspots and take action.

- (g) Question from Councillor McLean to Councillor Townsend (Cabinet member for Public Realm)

Councillor Mclean asked Councillor Townsend, a parish council meeting had recently been advised that there was to be a new 20 MPH policy prepared however it was subsequently advised that work on the new policy had not yet started.

Councillor Townsend indicated that she was not aware of any new policy and the current model was that residents requested this, officers assessed the suitability of it and there was a set budget every year for the work. The Cabinet member advised that she would ask officers to clarify the

comments that were made to the parish council.

ACTIONS:

Councillor Townsend undertook to ask officers if there was any changes proposed to the 20 MPH policy and to provide an update to Councillor McLean (Cabinet member for Public Realm / Director of Environment and Property)
