

Hello,

I withdraw my representation based on the agreed conditions becoming licence conditions.

Kind regards,

**Deborah Charles**

Hi Deborah,

Thanks for the email and the considered response. The below conditions are sensible and in line with the current thinking by the applicant. As an aside, I'm adding these as standard suggested terms for future applications in all boroughs.

Very happy to include in the application, per your wording.

Thanks again for taking the time to feed into this. Please let me know if I can help with anything else in this regard.

Kindest  
Simon

Dear Simon,

Having reviewed the application for the above premises as a Responsible Authority, I would be grateful if you would consider the following conditions in order to assist in meeting the licensing objective 'protection of children from harm' in relation to the avoidance of alcohol sales to under 18s:

*'Takeaway orders containing alcohol to be delivered to residential or business addresses only (i.e. not to parks, bus stops, car parks etc).*

*Any 'takeaway' alcohol must form part of a food order'.*

I do not believe these conditions are too onerous but if you have any queries about the proposals then I'd be happy to discuss, otherwise I'd be grateful if you'd confirm that these conditions (or similarly worded ones) are acceptable to you.

Kind regards,

**Deborah Charles**
