

Extracts from Section 182 Statutory Guidance.

The Committee should be aware of the need to have regard to the full guidance issued by the Home Secretary – however the following paragraphs are considered relevant to the consideration of this application.

1.3 The licensing objectives are:

- The Prevention of Crime and Disorder.
- Public safety.
- The Prevention of Public Nuisance.
- The Protection of Children from Harm.

1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:

- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises;
- giving the police and licensing authorities the powers they need to effectively manage and police the night-time economy and take action against those premises that are causing problems;
- recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;
- providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area; and
- encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.

1.17 Each application must be considered on its own merits and in accordance with the licensing authority's statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Temporary Event Notices

- 7.2 The system of permitted temporary activities is intended as a light touch process, and as such, the carrying on of licensable activities does not have to be authorised by the licensing authority on an application. Instead, a person wishing to hold an event at which such activities are proposed to be carried on (the “premises user”) gives notice to the licensing authority of the event (a “temporary event notice” or “TEN”).
- 7.6 The police or EHA (“relevant persons” for the purposes of TENs) may intervene to prevent such an event taking place by sending an objection to the licensing authority, which the licensing authority must consider on the basis of the statutory licensing objectives and decide whether the event should go ahead. A relevant person may also intervene by agreeing a modification of the proposed arrangements directly with the TENs user (see paragraph 7.36). If a relevant person sends an objection, this may result in the licensing authority imposing conditions on a TEN but only where the venue at which the event is to be held has an existing premises licence or club premises certificate. When giving a TEN, the premises user should consider the promotion of the four licensing objectives. The licensing authority may only otherwise intervene if the statutory permitted limits on TENs would be exceeded (see paragraphs 7.15-7.22).
- 7.28 If the licensing authority receives an objection notice from the police or EHA that is not withdrawn, it must (in the case of a standard TEN only) hold a hearing to consider the objection unless all parties agree that this is unnecessary. The licensing committee may decide to allow the licensable activities to go ahead as stated in the notice. If the notice is in connection with licensable activities at licensed premises, the licensing authority may also impose one or more of the existing licence or certificate conditions on the TEN (insofar as such conditions are not inconsistent with the event) if it considers that this is appropriate for the promotion of the licensing objectives. If the authority decides to impose conditions, it must give notice to the premises user which includes a statement of conditions (a “notice (statement of conditions)”) and provide a copy to each relevant party. Alternatively, it can decide that the event would undermine the licensing objectives and should not take place. In this case, the licensing authority must give a counter notice.

Police and Environmental Health Intervention

- 7.32 The system of permitted temporary activities gives police and EHAs the opportunity to consider whether they should object to a TEN on the basis of any of the licensing objectives.
- 7.33 If the police or EHA believe that allowing the premises to be used in accordance with the TEN will undermine the licensing objectives, they must give the premises user and the licensing authority an objection notice. The objection notice must be given within the period of three working days following the day on which they received the TEN.

- 7.34 Where a standard TEN was given, the licensing authority must consider the objection at a hearing before a counter notice can be issued. At the hearing, the police, EHA and the premises user may make representations to the licensing authority. Following the hearing, the licensing authority may decide to impose conditions which already apply to an existing premises licence or club premises certificate at the venue, or issue a counter notice to prevent the event going ahead. As noted above, there is no scope for hearings (or appeals) in respect of late TENs and if objections are raised by the police or EHA in relation to a late TEN, the notice will be invalid, and the event will not go ahead.
- 7.35 Such cases might arise because of concerns about the scale, location, timing of the event or concerns about public nuisance – even where the statutory limits on numbers are being observed. The premises user who signs the form is legally responsible for ensuring that the numbers present do not exceed the permitted limit at any one time. In cases where there is reason to doubt that the numbers will remain within the permitted limit the premises user should make clear what the nature of the event(s) is and how they will ensure that the permitted persons limit will not be exceeded. For example, where notices are being given for TENs simultaneously on adjacent plots of land it may be appropriate for door staff to be employed with counters. In each case it is important that licensing authorities and relevant persons can consider whether they believe that the premises user intends to exceed the 499 person limit, or will be unable to control or know whether the limit will be exceeded. Where the planned activities are likely to breach the statutory limits or undermine the licensing objectives, it is likely to be appropriate for the police or EHA to raise objections.

Modification

- 7.37 As noted above, the police or EHA (as “relevant persons”) may contact the premises user to discuss their objections and try to come to an agreement which will allow the proposed licensable activities to proceed. The TEN can be modified (for example, by changing the details of the parts of the premises that are to be used for the event, the description of the nature of the intended activities or their duration). The other relevant person has to agree for the modification to be made. There is no scope under the 2003 Act for the modification of a late TEN.

Applying Conditions to a TEN

- 7.38 The 2003 Act provides that only the licensing authority can impose conditions to a TEN from the existing conditions on the premises licence or club premises certificate at the venue. The licensing authority can only do so:
- if the police or the EHA have objected to the TEN;
 - if that objection has not been withdrawn;

- if there is a licence or certificate in relation to at least a part of the premises in respect of which the TEN is given; and
 - if the licensing authority considers it appropriate for the promotion of the licensing objectives to impose one or more conditions.
- 7.39 This decision is one for the licensing authority alone, regardless of the premises user's views or willingness to accept conditions. The conditions must be notified to the premises user on the form prescribed by regulations.
- 9.37 As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation and should be allowed sufficient time to do so, within reasonable and practicable limits.
- 9.38 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to:
- the steps that are appropriate to promote the licensing objectives;
 - the representations (including supporting information) presented by all the parties;
 - this Guidance; and
 - its own statement of licensing policy.
- 9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.
- 9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

The Committee should be aware of the need to have regard to the Council's full Statement of Licensing Policy when carrying out its functions under the Act, but the following is considered specifically relevant.

- 2.3 The Licensing Objectives are:
- The Prevention of Crime and Disorder.
 - Public Safety.

- The Prevention of Public Nuisance.
- The Protection of Children from Harm.

3.2 The following will also be relevant:

- Each application will be determined on its own merits having regard to the licensing objectives; relevant guidance including that issued under Section 182 of the Licensing Act 2003, and local criteria. Where it is appropriate for MKC to depart substantially from its Policy, clear reasons will be given for doing so.
- The council's legal officer will ensure that procedural matters are adhered to, and decision making is proportionate and fair.
- The right of any individual or body to apply for a variety of permissions is not undermined.
- The statutory right of any responsible authority or other person to make appropriate representations to an application or to seek a review in respect of a granted authorisation where appropriate is accepted.
- The impact of the activities taking or proposed to take place at a licensed premises or businesses or individuals who are likely to be affected by it.

7.2.1 Under Section 17 of the Crime and Disorder Act 1998, local authorities must have regard to the likely effect of carrying out of their functions on crime, disorder and anti-social behaviour; doing all they reasonably can to prevent these matters occurring.

7.2.2 Notwithstanding non-licensing powers available to deal with certain matters (such as Abatement notices and fixed penalty notices) the licensing authority will have particular regard to the likely impact on matters detailed in 7.2.1 when considering the location, operation and management of premises subject to applications, variations and notifications.

17.5.1 The licensing authority wishes to protect the amenity of residents and businesses in the vicinity of licensed premises and for these purposes 'in the vicinity' is taken to mean the immediate area around licensed premises without any stated distance criteria. Matters of concern will be dealt with on an individual basis.

26.3 Whilst contested licensing applications are quasi-judicial in nature, the licensing sub-committee will try to keep the proceedings as informal as possible. However, some degree of formality is needed to ensure that all parties receive a fair hearing. The procedure will be designed to ensure that all parties are able to express their views openly and fairly. The procedure is inquisitorial rather than adversarial and, whilst applicants, individuals and businesses who may be affected, and responsible authorities are entitled to bring legal representation with them if they wish, this is not a requirement.

- 26.5 The licensing sub-committee will determine each case on its individual merits whilst taking into consideration the terms of this policy document. Where the licensing sub-committee determines that it is appropriate to attach conditions to a licence or certificate it will ensure that those conditions are focused on the direct impact of the activities taking place at the premises concerned. Such conditions will be proportionate to the activity to be controlled and will only be imposed in the interests of the licensing objectives.
- 1.4.7 The decisions taken by the licensing authority will be focused on matters within the control of individual licensees and others granted relevant permissions. Accordingly, these matters will centre on the premises being used for licensable activities and the neighbourhood 'in the vicinity' of those premises.
