

This work overlaps with the 2023/24 DES requiring practices to submit Access Improvement Plans in May 2023 and linked to the national Primary Care Recovery Plan

<b>A</b>	<b>Streamlining access to care and advice</b>	<b>City-wide</b>	<b>Next steps...</b>
Streamlining access to care and advice for people who get ill but only use health services infrequently: providing them with much more choice about how they access care and ensuring care is always available in their community when they need it			<ol style="list-style-type: none"> <li>1. Increase pharmacy access</li> <li>2. Improving Clinical Navigators training to signpost to appropriate service for advice and care</li> <li>3. Improve practice website navigation and signposting</li> <li>4. All GP practices to be on the same cloud based telephony system</li> <li>5. With ISF improve access to resources for reducing hospital admission, access to palliative care &amp; access to MH services</li> <li>6. Increase access to remote consultations</li> <li>7. Broaden the clinical roles in primary care so that a patient gets seen by the most appropriate clinician</li> </ol>

<b>B1</b>	<b>Proactive, personalised care with a multidisciplinary team of professionals</b>	<b>Bletchley pathfinder</b>
Providing more proactive, personalised care with support from a multidisciplinary team of professionals to people with more complex needs, including, but not limited to, those with multiple long-term conditions	<p><b>Next steps...</b></p> <ol style="list-style-type: none"> <li>1. Complete a workforce audit in the area and map existing multi-disciplinary team arrangements <i>Primary care, community and mental health, local authority, town councils, police, voluntary sector, schools</i></li> <li>2. Agree what case management approaches will be used to identify and support specific groups</li> <li>3. Develop the operating model for the teams <i>What will the remit be? How many teams? How will they operate? How will we build relationships and ownership?</i></li> <li>4. Work out how they will inter-relate to city-wide services, like the hospital</li> <li>5. Decide what indicators of success would be appropriate</li> </ol>	

<b>B2</b>	<b>Helping people to stay well for longer</b>	<b>Bletchley pathfinder</b>
Helping people to stay well for longer as part of a more ambitious and joined-up approach to prevention	<p><b>Next steps...</b></p> <ol style="list-style-type: none"> <li>1. Develop a plan to increase use of Bletchley Leisure Centre, especially amongst inactive residents</li> <li>2. Pilot a health and wellbeing coach role focused on behaviour change (smoking, weight management)</li> <li>3. Work out how to develop the VCS and their contribution to helping people stay well for longer</li> <li>4. Expanding PCN inequality and prevention plans and the role of pharmacies.</li> <li>5. Decide what indicators of success would be appropriate</li> </ol>	

<b>Cross cutting</b>
<ol style="list-style-type: none"> <li>1. Enhance the Bletchley community profile</li> <li>2. Decide the leadership arrangements</li> <li>3. Agree the governance and work out how people from out of area can be involved to share learning</li> <li>4. Gain final agreement from the MK Health and Care Partnership to commence pilot on 13 June 2023</li> </ol>

We are taking a pilot approach as we do not have capacity to do *everything, everywhere all at once*.  
 3 month development period (April to July), followed by an 18 month delivery project starting September  
 Based on a 'test and learn' approach

**WORK IN PROGRESS**  
**Fuller (Version 3)**
